

**Dear Resident/Business Owner:**

As we move towards the final stages of this complete street improvement project, it remains the goal of the City of West Park to ensure that residents and business owners are aware of the upcoming activities associated with the roadway and traffic calming construction. The proposed speed tables north of Hallandale Beach Boulevard are scheduled to begin this week and should be completed in early December, 2017.

Although access to local traffic is being maintained during the construction, it will be necessary to implement a temporary detour at SW 27<sup>th</sup> Street and SW 26<sup>th</sup> Street for the construction activity and the safety of the residents, the general public, and the construction personnel. This will help to facilitate the prompt installation of the concrete, brick pavers, and asphalt paving work required along the corridor. Please refer to the reverse side of this flyer for an illustration of the typical detour route. This map can also be found on the City's website at [www.cityofwestpark.net](http://www.cityofwestpark.net).

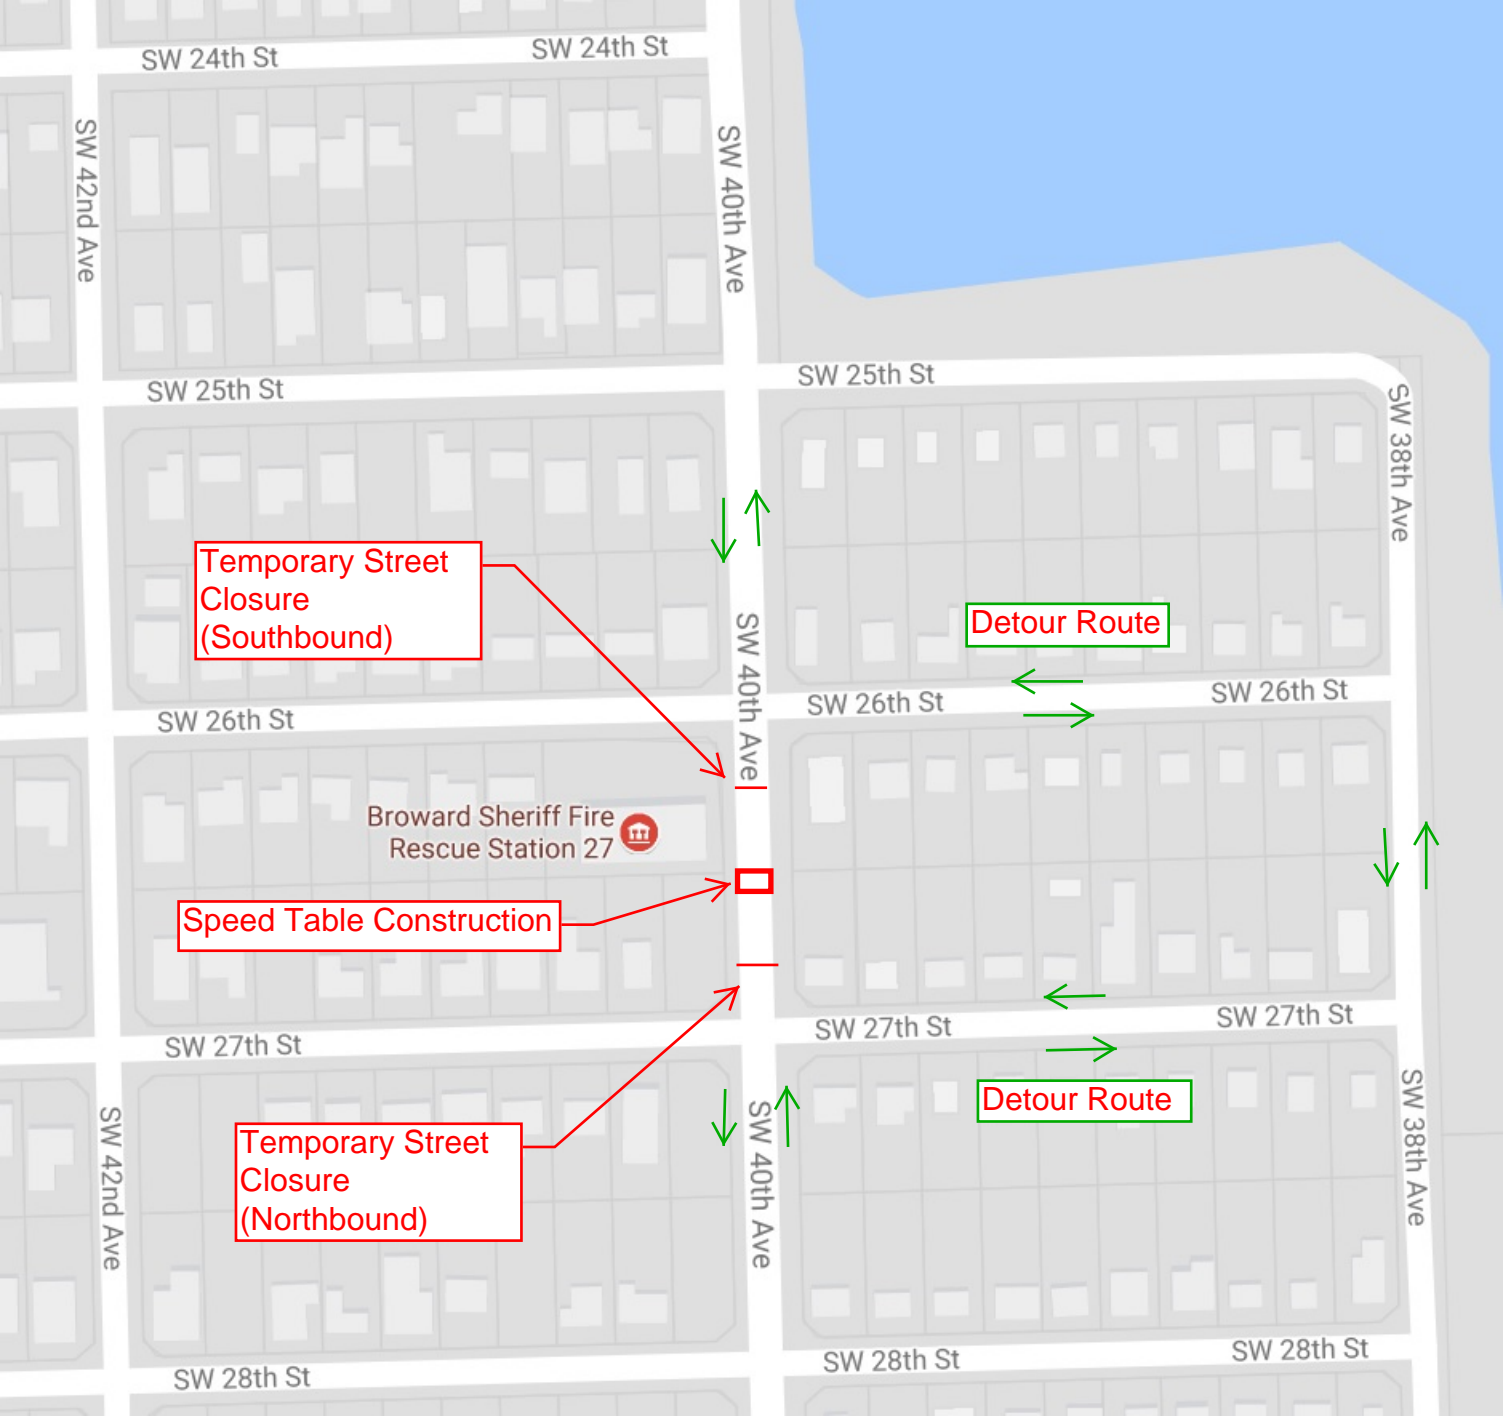

We thank you for your patience and understanding and look forward to your continued cooperation on this very important project. For any additional inquiries about this letter or the identified improvement and enhancement project, please contact Mrs. Shannan Ighodaro, Public Relations Consultant at 305-450-5316.
